### Purpose

This policy describes Mid North Christian College's Child Safe Environment practices. Mid North Christian College acknowledges that every child has the right to be safe from harm at all times. Child protection is paramount at our College. The purpose of this Child Safe Environments Policy document is to:

- Provide strategies to prevent child harm or risk of harm and to protect children from harm in the course of our work;
- Provide Mid North Christian College employees and contractors with clear guidelines as to what steps must be taken when child harm or risk of harm is suspected; and
- Protect Mid North Christian College employees and contractors from unfair practices and processes.

This policy outlines the policies, procedures, roles and responsibilities that are enacted in the College to establish and build an environment which is child-safe and child-friendly, where children and young people are respected, valued and encouraged to reach their full potential.

### Background

Creating child safe environments is a dynamic process that involves active participation and responsibility by all sectors of our College community. Sharing responsibility for the care and protection of children helps to develop a stronger, more child-focused community.

Mid North Christian College is committed to the safety of children and young people, and will ensure:

- That children and young people are valued, respected and encouraged to participate and that the safety and protection of children is always the first priority;
- Compliance with the *Children and Young People (Safety) Act 2017*, *Child Safety (Prohibited Persons) Act 2016* and the National Principles for Child Safe Organisations;
- Bullying and harassment are not tolerated; and
- Information about services that can assist children and young people are displayed in areas accessible to children and young people.

*Child safe environments: Principles of good practice* which state that a child safe organisation:

- Takes action to protect children from physical, sexual, emotional and psychological harm or risk of harm.

This policy outlines the responsibilities and legal obligations of everyone (staff, students, parents/caregivers, volunteers, contractors, work experience and placement students) at Mid North Christian College to safeguard children and young people.

We do this by:

- providing safe, respectful and engaging environments where children and young people have a voice and can develop positive life skills and values
- recognising when children and young people's safety and wellbeing is compromised and responding to concerns, including making a mandatory notification where required
- understanding the needs of children and young people who have experienced harm and provide additional support.

### **Commitment to the Safety of Children and Young People**

Safety of children and young people is the paramount consideration for Mid North Christian College, thus we aim to maintain a safe culture and environment at all times. We value, respect, and encourage all children and young people in or out of our care, and always ensure that the protection and safety of children and young people is our first priority. The College has zero tolerance for child abuse and does not tolerate bullying and harassment. All children are precious in the sight of God. The Bible indicates that the nurture of children is a high priority in the community with specific responsibility being given to parents.

Everyone working at Mid North Christian College is responsible for the care and protection of children and reporting information about suspected harm or risk of harm, but also to providing and promoting safety and wellbeing. The College is committed to ensuring that all children and young people are embraced, regardless of their abilities, sex, gender, or social, economic or cultural background, and equity is upheld.

This policy complies with the child safe environments provisions of the *Children and Young People (Safety) Act 2017*, *Child Safety (Prohibited Persons) Act 2016*, and the [National Principles for Child Safe Organisations](#). Information about services that can assist children and young people (such as the Kids Helpline on 1800 551 800, Youth Helpline on 1300 13 1719, and Beyond Blue on 1300 22 4636) is displayed in areas accessed by children and young people in the College.

Mid North Christian College is committed to supporting mandatory notifiers to report and respond to children and young people at risk of harm and ensuring that safe environments for children and young people are maintained.

### **Responsibilities**

Maintaining a child safe environment is the responsibility of the Board, the Principal and of all staff members. The School Board has the overarching responsibility for maintaining a child safe environment. At a College level, staff members have different responsibilities, including requirements relating to mandatory reporting, as outlined below:

#### ***The Principal***

The Principal is responsible for the following:

- promoting child protection wherever possible, and ensuring that child protection is included regularly in staff training;
- ensuring that child protection is included in the College's curriculum;

- when a mandatory report has been made, assisting staff to complete site documentation, and then signing the mandatory notification record and ensuring this is stored correctly;
- ensuring that students and staff receive adequate support if involved in a harm or risk of harm situation;
- ensuring that staff are supported when making a mandatory report; and
- ensuring that staff and volunteers have completed Working with Children Checks and RRHAN-EC training as required, and that third parties have completed Working with Children Checks where required.

### **Staff**

All staff of Mid North Christian College are responsible for the following:

- reporting any suspected harm or risk of harm to the Child Abuse Report Line (CARL) on 13 14 78;
- advising the Principal when a report is being/has been made (unless the report involves the Principal in which case it should be reported to a senior leader);
- when concerning behaviour has been observed, the staff member who witnessed it must alert an appropriate senior staff member; and
- taking action if children and young people have disclosed information about inappropriate behaviours of adults.

### **Communication**

Section 114(5) of the *Children and Young People (Safety) Act 2017* requires that an organisation that provides child-related work must provide a copy of the organisation's child safe environments policies and procedures for inspection, on request, to anyone to whom the organisation provides, or is to provide, a service. The *Child Safety (Prohibited Persons) Act 2016* (s 6(1)(i)) includes education services for children as child-related work.

Mid North Christian College makes its Child Safe Environments policy and procedures available to employees on its staff intranet site. The documents are explained to every new staff member during induction and are reviewed periodically throughout each year during staff meetings. All staff are required to sign a written statement indicating that they have read and will accept and act on the policy.

The College provides the documents to new families as part of their welcome package and makes them available to anyone associated with the College on request. It is also accessible on the College website.

### **Participation of Families, Children and Young People**

Principle 2 of the National Principles for Child Safe Organisations requires that children and young people are informed about their rights, participate in decisions affecting them, and are taken seriously.

Mid North Christian College encourages children and young people to participate and provide feedback. This is achieved by building strong relationships with the students in our College's care, asking lots of questions during classes, creating a culture where every opinion is valued, and having a feedback box on our Reception desk, where students and families can communicate with us anonymously if they so wish.

During lessons, students are encouraged to contribute to their learning. Mid North Christian College values the contribution children and young people make and understands that when children and young people take ownership of their learning, they are likely to be more engaged and comfortable.

Children, young people and their families are encouraged to raise concerns and complaints; it is always best for the College to become aware of grievances as early as possible in order to provide a timely resolution. In the first instance,

concerns and complaints should be directed to the person to whom the grievance relates. If the grievance is not resolved, the matter should be escalated to that person's line manager, and then to the Principal, if necessary.

Families, children and young people are invited to provide feedback about their experiences with Mid North Christian College. There is a community survey sent out to families annually and there is a feedback box and form in Reception.

Children and young people are encouraged to represent the College community and themselves either in the Student Representative Council in Primary or as a Student Leader in Secondary.

### **Child Safety Code of Conduct, Professional Boundaries and Expectations of Staff and Volunteers**

Mid North Christian College has developed a Child Safety Code of Conduct to specify standards of conduct and care, professional boundaries, ethical behaviour and unacceptable behaviour when working and interacting with children. This is based on information outlined in the *Protective practices for staff in their interactions with children and young people guidelines* and the National Principles for Child Safe Organisations.

The aim is to provide guidance to staff and volunteers on how best to support students, and how to avoid or manage difficult situations. The Code of Conduct applies to all staff and breaches of the Code may result in disciplinary action or, in the case of serious breaches, dismissal. It also applies to all volunteers, service users, third parties and contractors, and any breaches can result in cessation of engagement with the College. This is read and signed on an annual basis. (See Appendix A)

#### **Compulsory behaviour**

- Regular supervision sessions that include a focus on child safety and wellbeing.
- An induction that includes new employees and volunteers receiving a copy of this policy and Child Safety Code of Conduct, and a thorough explanation of their content.
- All staff must read and understand the Mandatory Notification Information Booklet produced by the Department of Human Services.
  - [https://dhs.sa.gov.au/data/assets/pdf\\_file/0003/103179/CSE-Mandatory-notification-information-booklet.PDF](https://dhs.sa.gov.au/data/assets/pdf_file/0003/103179/CSE-Mandatory-notification-information-booklet.PDF)
- Regular performance appraisals that include discussions about how child safety strategies are being implemented in the classroom or workspace.
- Child safety is a standing item on staff meeting agendas, with training and updates provided by the Principal on a regular basis, including where to find up-to-date information concerning child safety and wellbeing on the internet.
- Professional development opportunities to build knowledge and skills regarding the wellbeing and development of children and young people is a priority for the College.
- All staff must complete their initial Responding to Risk of Harm, Abuse and Neglect – Education and Care (RRHAN-EC) training prior to commencing employment with the College, and then complete their updates at least every three years. Proof of completed training is held on file by the College.

## **Risk Management**

To help maintain a safe environment for children and young people, Mid North Christian College will review its risks regularly and implement strategies to minimise and manage these risks. (See Appendix B)

## **Mandatory Reporting**

Any person who, while in the course of their work or volunteering, suspects that a child is being or has been harmed or is at risk of harm, must report their suspicion to the Child Abuse Report Line (CARL). This includes all persons who are not mandated to report suspected harm or risk of harm under the legislation. 000 should always be called in an emergency.

All serious concerns of suspected harm or risk of harm must be reported via CARL by phoning 13 14 78. The telephone line is available 24 hours a day. Serious concerns include the suspicion that a child or infant is in imminent or immediate danger of serious harm or serious injury or is experiencing chronic neglect. The following information is required to be provided when making a report to CARL:

- the child's name, age, date of birth and address;
- a description of the injury, harm or risk of harm (current and previous);
- the child's current situation;
- the location of the child, parent or caregiver and alleged perpetrator; and
- when and how you found out about the harm or risk of harm.

Non-serious concerns can be reported via eCARL, which is the online child protection reporting system.

Mid North Christian College will maintain records of all mandated reports made are securely stored separately from the student's school records.

After a report has been made, ways in which students, staff, volunteers and families are supported include:

- providing counselling from our Chaplain
- referring the child, young person or their family to other appropriate services; and
- continuing to provide a service to the child or young person and their family and monitoring their circumstances.

It is a requirement that employees and volunteers inform the Principal of any mandatory notifications made. This will ensure that the Principal can put in place the appropriate action to support the child. If the concerns or allegations raised in the notification involve the Principal, then the Board Chair must be informed instead.

### **Failure to Report**

The *Statutes Amendment (Child Sexual Abuse) Act 2021* established criminal offences of:

1. Failure to report child sexual abuse: a prescribed person is guilty of an offence if they fail to report to police that they know or suspect that another person (the abuser) is an employee of Mid North Christian College and is, has, or is likely to sexually abuse a child; and
2. Failure to protect a child from sexual abuse: a prescribed person is guilty of an offence if they know there is a substantial risk that another person, who is also an employee, will engage in the sexual abuse of a child; and the prescribed person has the power or responsibility to reduce or remove that risk but negligently fails to do so.

These offences carry a penalty of imprisonment. It is critical that all Mid North Christian College staff, volunteers and contractors understand their legal obligations.

### **Billeting**

Additional child protection considerations are made in situations involving billeting. The term billeting refers to any temporary assignment of accommodation. In the College context, this usually covers local and short-term lodgements of students, as well as a wider variety of activities such as school sport. Mid North Christian College acknowledges that, in certain circumstances, the need may arise to billet visiting students, particularly for the Aviation program.

The College is committed to ensuring that Billeting hosts:

- Understand and adhere to the Volunteer Agreement and Child Safety Code of Conduct outlined in this policy;
- Have a current Working with Children Check;

Other training may be required, depending on the specific needs of a student.

### **Vulnerable Students**

Mid North Christian College acknowledges that there are vulnerable students who may be at a higher risk of experiencing harm or risk of harm due to their circumstances. These students may struggle with advocating for themselves or communicating their experiences to other people. Vulnerable students include students with disability, students in care and new arrival students. Mid North Christian College will ensure that:

- College staff will consult with a student with disability, their parent and/or other associates (such as external allied health professionals). During consultation, staff will discuss the impact of the disability to assess the student's ability to advocate for themselves;

- Staff will be mindful of the individual circumstances of vulnerable students and will be mindful of the potential signs of harm or risk of harm that vulnerable students may exhibit; and
- Individual student needs and circumstances will be considered when teaching the child protection curriculum. This includes being mindful of and sensitive to cultural differences.

## Curriculum

Mid North Christian College recognises the importance of addressing matters regarding the two themes of 'we all have the right to be safe' and 'we can help ourselves to be safe by talking to people we trust', which are addressed in the KS: CPC. Although the College does not implement this specific curriculum, the key aspects of child safety and respectful relationships are addressed throughout our Health and some other curriculum areas, in different grade levels and with a variety of learning programs and activities. The four key aspects of Right to be Safe, Relationships, Recognising and Reporting Abuse, and Protective Strategies are identified in the College's Health Scope and Sequence document. This will be reviewed as curriculum is produced for the next version of the Australian Curriculum.

## Online Safety

Mid North Christian College acknowledges and accepts its responsibility to ensure that children are protected from harm when participating online.

The College is committed to following the requirements outlined in the 'Responding to Online Safety Incidents in South Australian Schools Guideline'. Mid North Christian College is committed to creating a safer online environment by providing learning about cyber-safety and cyberbullying as part of Health lessons through The Resilience Project, Fit For Life and the Primary RIC resources. The College also uses classroom resources produced by eSafety Education from Years F-10.

Mid North Christian College has also developed Digital Citizenship Policy, Use of Social Media Policy, IT User Agreements for Primary and Secondary Students, Protective Practices for Online Learning Guidelines and a Harassment and Bullying Prevention Policy that address online safety, behaviour and protocols.

## Policy Review

Mid North Christian College's Child Safe Environment Policy will be reviewed once every three years. However, if at any time the legislative, policy or funding environment is so altered that the policy is no longer appropriate in its current form, the policy will be reviewed immediately and amended accordingly.

Other instances where this policy may be reviewed included when:

- New or added risks are identified for children and young people, which may require a change in the policy or procedures;
- A critical incident occurs where a child or young person has experienced harm through involvement with the College;
- Concerns are raised by anyone involved in the College about child safety or welfare in the College; and
- Awareness or compliance to the child safe policy and/or procedures is low.

When changes are made to the Child Safe Environment Policy, Mid North Christian College will relodge its Compliance Statement with the SA Department of Human Services.

## Appendix A

### **Child Safety Code of Conduct**

#### ***Introduction***

The Bible is very clear on how we are to respond to children and young people as it was modelled by Christ's love and concern for them. We are called to follow in Christ's example and show concern and care for those that we interact with and especially for those who are in our care. This Child Safety Code of Conduct aims to assist all members of this community to understand what this looks like practically. Every Board member, the principal, staff member, volunteer, service provider and contractor at Mid North Christian College is required to abide by this Code. It outlines appropriate standards of behaviour for all adults towards students in accordance with the Protective Behaviour Guidelines and the National Principles of Child Safe Organisation. It serves to protect students, reduce opportunities for harm or risk of harm to occur, and promote child safety in all school environments. This must be read and signed annually.

#### ***Responsibilities***

Under the Board, the Principal will:

- Be responsible for the overall welfare and wellbeing of staff and volunteers;
- Be accountable for managing and maintaining a duty of care towards staff and volunteers; and
- Provide information and support to all staff, volunteers, children, young people and their carers regarding child protection matters.

I will:

- Act in accordance with Mid North Christian College's child safety and wellbeing policies and procedures at all times.
- Behave respectfully, courteously, and ethically towards children, young people and their families and towards other staff.
- Listen and respond to the views and concerns of children and young people, particularly if they communicate (verbally or non-verbally) that they do not feel safe or well.
- Demonstrate appropriate personal and professional boundaries.
