7 JUNE 2024

Dear Parents and Guardians

Last week was Reconciliation Week, a very important and significant week in our country's calendar. The theme this year was "Now More Than Ever." As a community, we learned more about the cultures of the First Nations people and the pain of past wrongs in our nation's history. We reflected on moments and events that have improved the relationship between all Australians and those things that unfortunately continue to rip relationships apart.

But there is hope . . . our God is for reconciliation of all people to Himself and to each other. In 2 Corinthians 5:18-21 it says, "All this is from God, who through Jesus Christ reconciled us to Himself and gave us the ministry of reconciliation; that is, in Christ, God was reconciling the world to Himself, not counting their trespasses against them, and entrusting to us the message of reconciliation."

It is by being reconciled to God and having that relationship restored because of God's love and grace towards us, that we can extend that love and grace to others in a fullness that we cannot achieve in our own strength and good intentions. He can do the impossible in restoring relationships of all kinds, but it requires each one of us to surrender our lives to Him. It is in knowing the joy and freedom of forgiveness from God, that we can ask for forgiveness and extend forgiveness to one another. That is certainly needed now more than ever.

**Rachel Richardson
Principal**

CYBER SAFETY WITH THE ALANNAH AND MADELINE FOUNDATION

The Alannah and Madeline Foundation came to our school and spent an hour training staff about what is a digital citizen and cyber safety. They shared how we can intergrate it into our classroom and help our students learn about it too.

The next day they came into the Foundation, Year 1/2 and Year 2/3 class and took the students through some resources and activities to help them become safer online.

The College has teamed up with them to be a pilot project to help develop resources, lesson plans and other materials to be used Australia wide.

Corrina Ingle
Foundation Teacher

SAPSASA FOOTY

A big congratulations goes out to Daniel Moncrieff who represented the Pirie District at SAPSASA Football this week.

The team finished 4th overall and Daniel was awarded player of the tournament for the Port Pirie team.

A great achievement. Well done Daniel!

Chris Veitch
Head of Physical Education

OPEN BOYS BASKETBALL

On Thursday 30 May, we entered an Open Boys Basketball team in the SACSA competition in Adelaide. The boys finished the initial pool stages undefeated after winning 4 games in a row but had a narrow 5 point loss to Horizon in the qualifying final.

We managed to bounce back after this to win our last game, sealing a 3rd place finish overall out of 10 teams. The boys played a great standard of basketball the right way throughout the day and should be proud of their continued improvement as players.

Chris Veitch
Head of Physical Education

AVIATION

Term 2 Aviation Weeks were full of wonderful experiences for our students. In Week 3, our excursions saw the students visit the South Australian Aviation Museum and general aviation engineering company Aviation Engines as well as AeroTech who supply and service the air fleet for the SES.

We are so grateful to these career pathways partners for welcoming our students to view some pretty special areas of aviation. Our Week 3 group were able to complete their first of 2 model aircraft, with Noah's gliding an incredible 120m! The week 4 group had the opportunity to view 2 Lancair aircraft come in to land at the Port Pirie Aerodrome.

This is significant as the latest addition to our course is a Lancair kit that the student's are building together in the engineering part of the course. The students were welcomed by the pilots to view their aircraft up close and personal, and ask all of the questions they could think of. These students were also able to continue the drone's component of the course by completing precise circuits which demonstrate the student's control from a single point.

Remote Control aircraft were also introduced this term, allowing the student's another layer of understanding to the theory of flight and how an aeroplane's control surfaces interact with the air they fly through.

Cherie Benstead
Aviation Administrator

LIFE STORIES PRESENTATION

Last Friday at a special morning tea, the Year 10 English students and visitors were presented with the biographies they wrote late last year to five older people who visited the College once a week and told their life stories to a small group of then-Year 9s who wrote up the information and used Canva to design and create the books.

Everyone was excited to be reunited with their friends and to see the finished products. Our visitors appreciated their books and were impressed by the quality of the work that went into them and the time the students had spent putting them together. They all commented on how much they had enjoyed visiting the College last year and how pleased they were to be back.

It was evident from the reactions of both the students and the visitors, how warm and mutually beneficial the relationships formed had been.

Thanks to Mrs Peckover for the delicious Morning Tea and to Mrs Nieass for taking photos of the event.

COMMUNITY & COLLEGE NOTICES

ROAD SAFETY CENTRE

The Road Safety Centre are looking for donations. If you're able to donate any helmets or bikes in good condition, please contact the Secretary, Bev Scarman on 0408 805 904 or bevscarman@gmail.com

SCHOOL IMPROVEMENTS - SCIENCE LAB

The Science Labs continue to improve with the installation of sound absorbing boards on the ceilings. Along with the new stools, these have made the rooms so much quieter and conducive to good learning. Thank you to our wonderful grounds and maintenance team for installing these.

We are also making progress on the new toilet block near the COLA. Mr Gordan Kroschel will be managing this project and working through all the necessary checks and balances so that work can begin on this as soon as possible.

NEWSLETTER HARDCOPY

If you would like to request our fortnightly newsletter in hard copy, please email our Promotions Officer.

CALL FOR NEWSPAPER DONATIONS

Our Newsies Jr. Musical team are looking for donations of newspapers. If you have any newspapers you are willing to donate, please hand them onto Miss Footer.

STUDENT ACHIEVEMENTS

Our Year 12 student, Lauren Kupke, was recently awarded the RSL Bursary Award.

Well done Lauren!

Faith In Our Future

On 21 March, the Australian Law Reform Commission released a set of recommendations that are an appalling attack on faith and freedom of belief in Australia. If the Government accepts these ALRC recommendations, it means Christian schools won't have the freedom to preference people who share the same Christian values and beliefs when making employment decisions.

As Paul Kelly also noted, "Religious education, its communities and parental discretions would be weakened long term." You can read more on the My Christian School Website. The good news is the Federal Government has not yet made its position clear but we need to send a clear message to the Prime Minister that Christian schools must be able to employ people who share our faith.

Faith In Our Future is a town hall event that will bring together supporters of Christian schools and their representatives in parliament.

These events are an opportunity to share about the impact of Christian faith in our schools, to share our concerns with our Federal political representatives and ask for their support.

If you want the Government to continue to value the faith of Christian teachers and staff, you need to be there!

Date: Wednesday 12 June 2024
